- **Equitable Playing Time:** The league OP outlines the requirement for equitable play time for all players regardless of experience.
- **Parents:** Parents are encouraged to cheer for all players and help create a supportive environment. Coaching from the stands or negative comments (toward players, coaches, or umpires) can take away from the experience.
- **Communication:** Develop a plan for regular team updates and communications.
- **24 Hour Rule:** The league requires that families wait 24 hours and then reach out respectfully through the appropriate league or team communication channels to address issues.

2026 Coach/Manager Meeting

Welcome and Thank You!

- Thank you for volunteering your time to support all the players in this league.
- We are proud to have excellent volunteers throughout our league serving as managers, coaches and at every other level.
- It is our goal to support you as best as we can to help you serve the membership.

What We Do Matters

- Supporting the players in our league is more than just teaching them to play a game
- RGS give girls a place to belong, learn how to handle pressure, build confidence through effort—not perfection—and develop social and emotional skills.
- Recreational sports, especially, create low-pressure environments where girls can grow, make mistakes, and feel supported.
- We're not just building athletes — we're helping raise healthier, more confident young women.

What We Do Matters

- Participation is linked with better overall well-being and psychological health for youth.
- Higher confidence and lower levels of depression (e.g., 17% vs ~29% in non-players in some findings).
- Lower symptoms of anxiety and depression in adolescents — especially when playing on a team
- Lower suicidal thoughts and attempts among teens overall
- Better cognitive performance and academic outcomes, including memory, attention, and processing skills
- Female athletes are more likely to stay engaged academically and graduate compared with their non-athlete peers
- Nearly half of women surveyed credit their leadership development to experiences they gained through sports participation

What you are doing has the potential to change lives and save lives.

RGS Umpire Program & Playing Rules Review

Youth Umpire Program

RGS has a nationally recognized program for developing and retaining umpires. We are currently in the process of training 50+ umpires for the upcoming year.

RGS provides umpires for all scheduled games, including 6u and T-Ball.

Please remember:

- Just as the players on your team are learning the game, so are the youth umpires.
- Many of our umpires also play in the league and are the daughters of those sitting around you today.

Umpire in Chief (UIC) Update

- The Core 4 must set the expectation and control their spectators regarding conduct.
- Only ONE identified staff member can communicate with the umpires during the game; this individual is to be identified during the plate meeting.
- Judgement vs. Rule Interpretation
- Be calm, cool, and collected.

UIC: Rules Review

Common Rules Review:

- Bunt Rule
- Drop 3rd Strike
- Infield Fly
- Look Back Rule
- Rabbit Rule
- A clear breakdown of these rules can be found in the RGS Playing Rules – a copy is located in your team binder.

Field Manager Update

Field Rejuvenation... What have we been working on?

- Dirt has been added to both Pistachio fields and we have fixed that nasty lip at Pistachio 1.
- Field conditioner has been added to Pistachio 1 to help with rain/water drainage
- Clay has been added to Central and Pistachio pitching lanes and batters boxes
- We've been working on getting the fields graded and leveled, but the poor weather has made it difficult to get this completed. This will be ongoing throughout the season.
- We will continue to work on fields throughout the season.

Want to help? We have a Field Committee starting this month!

Field Manager Update: Field Etiquette

- Take pride in the fields we are allocated.
- Treat the field equipment with respect. We've purchased new chain drags, more durable pitching rubbers, new rakes and two new green chalkers with a pitching circle attachment.
- 1st practice - drag field **before** practice.
- Last practice - drag field **after** practice.
- Lock equipment boxes at the end of day. **Make sure lock is pushed in.**
- Chalker, box templates, chain drags and pitching screen if applicable are chained to the dugout. Equipment lock combo is 5625.
- Bases are put away and base plugs are put in the base receiver.

Field Manager Update: Field Prep

- **HOME TEAM is responsible for setting up/chalking the field.** Home teams also freshen up chalk lines IF needed.
- **AWAY TEAM is responsible for breaking down/dragging fields at the end of game day.** Double check to make sure all equipment is where it should be at the end of game day.
- EMPTY ALL CHALKERS of all chalk into the orange buckets after the final game for the day.
- We have a small handheld toolbox that has all the small tools to prep fields. Make sure the tools return to the handheld toolbox after the field is prepped. Included is a measuring reel for the pitchers mound, string reel for setting fair foul line, hammer, nails and pitching mound nails. Put the handheld box into the storage box.
- **We've updated the field prep video so please go check it out. Watch the Youtube Video created by RGS. Search Roseville Girls Softball**
- Please be respectful of the equipment. We all have to use it. If something is broken or missing, please email: fieldmanager@rosevillegirlssoftball.org so we can get it replaced.
- Field prep clinic coming soon. Information will go out in the next couple weeks.

Field Manager Update: Inclement Weather Policy

Field conditions/closures are updated by the City of Roseville at 3pm. The league will work to ensure notifications go out as soon as we know.

Reinspect Conditions

Infields are **closed** when:

- Standing/puddles of water
- Your feet are slipping as you walk the infield
- The depth of your footprint is greater than 1 inch

Outfields are **closed** when:

- Standing water in the grass
- The depth of your footprint is greater than 2 inches
- Your footprints are filling with water after you take a step

Scheduler Update

- Practice schedule will be located online (RGS website)
 - Preseason: 1x weekday, 1x weekend practice.
 - In-Season: 1x weekday practice.
 - Additional practices can be added once ALL teams have had a chance to fill their allotted practice times.
- Once we get final field allocations, we will assign practices by request in a random team order.
- Practice times are for dirt/infield. You can arrive early to warm-up in grass but you will need to stay out of the way of scheduled team.
- There may be times the scheduler has to move your practice or you will be asked to share with another team. Be flexible.
- Teams may not hold practices on fields or areas that are not allocated to RGS. This jeopardizes our allocations and our insurance. This is also violation of Code of Conduct.
- Changes/Cancellations: Email scheduler@rosevillegirlssoftball.org

Sponsorship Update

Sponsorships help keep league costs down and are a great way for local businesses to partner with league!

- All teams are required to have a sponsor.
- We recommend asking if there are any families that are interested in sponsorship during the first team meeting.
- We offer several sponsorship levels that include various benefits such as names on team jerseys, team plaques, banners at Central and/or Pistachio, social media posts, etc.

Email our Sponsorship Coordinator for more info and package details: sponsorship@rosevillegirlssoftball.org
